

# Walking Together as First and Second Peoples

## Living Covenant Locally

Register your interest to receive information about a range of studies focussed around reconciliation and covenanting to be made available later this year by the Sovereignty Practical Affirmation Task Group.

Congregations, communities, or smaller groups are encouraged to take up one of these studies and complete it together, after which the local UAICC will recognise the congregation's efforts.

It is hoped congregations will share their experience with other congregations and encourage them to take part.

To register your interest to receive more information and begin a conversation about these resources, email [aru@nat.uca.org.au](mailto:aru@nat.uca.org.au) and the National Consultant Covenanting will make contact.
