

## Meeting Evaluation Feedback – November ASC 2022

1. We will continue to schedule the Agenda Session for ASC members on the Friday afternoon. Following two of these sessions (July and November 2022), what would be helpful to be included in this session in 2023?
2. What were the most important issues we dealt with at this ASC meeting?
3. Were there any agenda items we should have spent more time on?
4. What 2-3 things were the most helpful for you to participate in the meeting this weekend?
5. Were there any barriers to you participating in the meeting?
6. What do we need to attend to when we meet in March 2023?
7. Was the technology of the venue helpful to the meeting? What should we always have in our meetings from a technology perspective?
8. Following this meeting, you might like to reflect on your own performance as an ASC member during this meeting? *(Please note: this doesn't have to be at the end of this meeting, but may be in the week to come)*
