

GenOn Ministries: Growth Groups for Intergenerational Ministry

GenOn's Growth Groups for Intergenerational Ministry focus on smaller churches worshipping 100 or fewer. By design it's a 12-week, online, cohort experience for individual church teams (of at least three leaders) to form learning groups with 4 or more other smaller churches. Assisted by a GenOn Guide, each church team designs their own path to further develop intergenerational gatherings in a chosen ministry area – Worship, Study, Service or Fellowship. This experience covers [our six-step process](#) to becoming more intentionally intergenerational – Discover, Evaluate, Learn, Pilot, Launch, and Sustain. Also included are two individual church team meetings with a GenOn Guide, scheduled as needed throughout the process.

Four, 2-hour sessions as a cohort (with assignments for church teams to complete independently):

- Session 1: Discover – Intergenerational Pathways
- Session 2: Evaluate – Take a Snapshot
- Session 3: Learn – Ministry Area Development
- Session 4: Pilot, Launch, Sustain – Intergenerational Gatherings
- Bonus: 2 individual church team meetings with a GenOn Guide, as needed

Growth Group cost: \$295 AUD per church
