

17TH Assembly Members' Proposal

22. That the Assembly resolve:

1. to direct the Beneficiary Fund Policy committee

- a) to identify whether the Beneficiary sub plan is exposed to the Mercer Super Trusts sustainable (ethical) portfolio.**
- b) to monitor Mercer's provision of an ethical portfolio for UCA members through the beneficiary sub plan; and**
- c) to report the outcomes to the ASC.**

In the event that Mercer continues to fail to communicate to its members on these matters, the Policy Committee be directed to communicate with Mercer members the degree to which Mercer is providing an ethically screened product.
