

A PRAYER FOR PEACE EASTER 2026

Creator God

The world feels loud right now
and I am carrying more than I let on.

If you are near,
meet me here.

Bring your peace.

For the people I love who are struggling and grieving

Bring your peace.

For this world

where seas are rising,
war and violence continue,
and many are finding it hard just to get by

Bring your peace.

For the wounds carried in our communities
and in this land

Bring your peace.

Jesus,

you stood among fearful people and said,
"Peace be with you."

If that peace is real,
let it find me now.

Bring your peace.

Not a peace that ignores what is hard,
but a peace that steadies me,
holds me,
and helps me find a way forward with others.

Bring your peace.

For me.
For those I love.
For all of us.

Bring your peace.

Amen.
